

Overview

Match Score: 91

Your resume demonstrates strong full stack skills with practical experience in Flutter, React, Node.js, and building scalable web and mobile apps. Leading a team shows leadership potential, too. Enhancing quantifiable impacts and tailoring your summary to the job can elevate your fit further.

Highlights

- ✓ Experience building scalable web and mobile apps using Flutter, React, Node.js
- ✓ Led a team of 4 developers improving project delivery and efficiency
- ✓ Strong API integration and database design with MongoDB and MySQL

Improvements

- ✓ Add measurable impact metrics to your project and work descriptions
- ✓ Customize summary to explicitly match job requirement keywords
- ✓ Include more backend frameworks or testing tools to broaden backend skills

Content

This section ensures your resume includes measurable results and is free from spelling and grammar errors. This helps your resume make a stronger impact and stand out to recruiters.

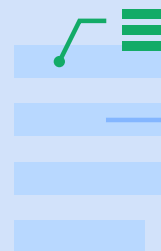

Almost there! Let's refine your content to make it more impactful and error-free.

Spelling & Grammar

PASS

Measurable Result

Add specific, measurable achievements to highlight the impact of your work.

2 suggestions

Coordinating with clients and stakeholders to understand requirements and deliver scalable solutions.

Handled customer queries and support operations for the Shopee process.

Spelling & Grammar

Your resume is free of spelling and grammar errors.

Skills

This section identifies key hard and soft skills that may be missing from your resume, based on the job description. Adding these skills improves your resume’s relevance and increases its chances of passing ATS scans.

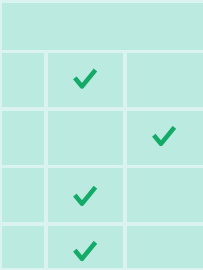

No skills missing — your resume is a strong match!

Hard Skills

Soft Skills

PASS

PASS

Hard Skills

Skill	Job Description	Your Resume	
✓ Full stack development (required)	1	1	✓
✓ Frontend development (required)	1	1	✓
✓ Backend development (required)	1	2	✓
✓ Mobile app development (required)	1	2	✓
✓ API integrations (required)	1	2	✓

Pro Tip: If a skill doesn’t fit easily in your resume, mention it in your cover letter or highlight it during your interview.

Format

This section checks for proper date formatting, appropriate resume length, and effective use of bullet points, ensuring your resume is clear, concise, and ATS-friendly.

You’re so close! Refine your formatting to enhance readability and improve ATS compatibility.

Bullet Points

1

PASS

1

Date Formatting

Ensure all your dates are formatted consistently and in an ATS-friendly format.

1 suggestion

Education

- ✗ Dates are listed in reverse-chronological order across all sections.
- ✗ Dates include the month and year
- ✓ Exact start and end dates (e.g., "DD/MM/YYYY") are avoided
- ✓ ATS-preferred formats, such as "Jun 2020" or "07/2020," are used consistently.

Resume Length

Your resume is concise and fits on one page, ideal for your experience level.

📌 Pro Tip: Keep it concise—ATS favors signal over noise. Use 1 page if you have under 10 years of experience, and up to 2 pages if you have more.

Bullet Points

Use bullet points to effectively highlight your key accomplishments.

1 suggestion

cloned websites for construction firms and built web apps for news channels and CRM systems.

Sections

This section verifies that all required sections—such as contact information and work experience—are included and properly formatted to ensure compatibility with ATS scans.

Well done! All sections are complete!

Style

This section helps align your tone with the job description and eliminate common clichés—so your resume feels sharp, clear, and professional.

You're nearly there! A few small adjustments to sharpen your style and make your resume stand out.

Voice	Buzzwords & Cliches
1	1

Voice

Match the tone and language of the job description for better alignment.

The tone of the job description emphasizes #Professional #Driven #Impact-Driven

1 suggestion

cloned websites for construction firms and built web apps for news channels and CRM systems. → **Replace casual phrasing 'cloned' with more professional wording**

Buzzwords & Cliches

Replace clichés and buzzwords with more specific, impactful content.

1 suggestion

Coordinating with clients and stakeholders to understand requirements and deliver scalable solutions. → **Replace 'scalable solutions' with specific delivered outcomes or projects**
